Dear [Redacted]

In furtherance of the program outlined in TS Document No. AA-0005 and my letter to you dated 7 August 1959 identified as File Ref: DPD-5353-59, an additional \$500,000.00 has been reserved to cover reimbursement to the Army Map Service for support roles for ARCON data reduction.

As stated in my previous letter, you should accrue costs and bill this Agency for services rendered on a monthly basis, or more often if expenditures are of sufficient magnitude, by means of a 1080 Voucher citing the file reference from this letter in the number and date of order column on each voucher. Information in the body of the voucher should read:

"For services rendered for the period _____
Obligation Reference No. 6404."

Will you please advise me if assistance or further information concerning this program is required.

Sincerely,

25X1
